## Academic Positions

### Assistant Professor

Humanities, Arts, and Social Sciences  
Singapore University of Technology and Design  
2022-Present

### Faculty Fellow

Humanities, Arts, and Social Sciences  
Singapore University of Technology and Design  
2019-2022

## Education

### Nanyang Technological University

PHD COMMUNICATION - 2019

» Summer School in Social Science Data Analysis at the **University of Essex**

### Nanyang Technological University

BACHELOR OF COMMUNICATION STUDIES (FIRST CLASS HONOURS) - 2014

» Exchange at **Uppsala University**

## Scholarships & Awards

### Top Faculty Paper Award

2022

72nd Annual Conference of the  
International Communication Association  
*Game Studies Division*

Awarded to the paper "Animal Crossing and Covid-19:  
A qualitative study of how a video game offered  
psychological sanctuary during the pandemic"

### Top Faculty Paper Finalist

2022

72nd Annual Conference of the  
International Communication Association  
*Mobile Communication Division*

Awarded to the paper "ScreenLife Capture:  
A privacy-respecting, open-source, and user-friendly  
framework for collecting screenome data."

### Research Foundation of Flanders Travel Grant

2022

Scientific visit to Ghent University, hosted by  
imec-mict-UGent

### Faculty Early Career Award

2019 - 2022

Singapore University of Technology and Design

### Overseas Summer School Scholarship

2016

at the University of Essex

### Honorable Mention Presentation Award

2015

DC Health Communication Conference,  
organized by George Mason University

<b>Urakami Foundation Award</b> 12th Asian Congress of Nutrition by the Urakami Foundation, which aims to promote research on improving and securing people's diet	2015
<b>Nanyang President's Graduate Scholarship</b> Nanyang Technological University	2014 - 2018
<b>Lee Kuan Yew Gold Medal Award</b> Awarded to the top student of the graduating class at Nanyang Technological University's Wee Kim Wee School of Communication and Information	2014
<b>Nielsen Company Gold Medal Award</b> Awarded to the top research-track student of the graduating class at Nanyang Technological University's Wee Kim Wee School of Communication and Information	2014

## Teaching

### Singapore University of Technology and Design

#### 02.160TS DESIGNING DIGITAL TECHNOLOGY FOR CHILDREN AND TEENS

*Jan 2022 - May 2022 | Jan 2023 - May 2023*

» Outstanding teaching feedback in 2023 (4.9/5) and 2022 (5/5)

» Selected student feedback:

"Prof Andrew is incredibly kind, approachable, caring and understanding, deeply insightful, and such a wonderful professor to have. Honestly feel super glad I chose this course and got to know him. He's a very engaging teacher and never fails to catch my attention during class, which says a lot given that I have ADHD. Enjoyed the insightful discussions I've had with him, of which many have changed my perspective on things."

"Prof Andrew is one of the most approachable professors I have ever met. He is always open to feed back and tries his best to improve the course as we go along. He puts a clear emphasis on learning over good grades, helping students improve by giving regular feedback and encouragement. Studying under the tutelage of Prof Andrew has been one of the most enriching and pleasant experiences in my 3 years at SUTD."

#### 02.145TS SURVEYS AND EXPERIMENTS IN THE SOCIAL SCIENCES

*Sep 2019 - Dec 2019 | Jan 2020 - May 2020 | Sep 2020 - Dec 2020  
Sep 2021 - Dec 2021 | May 2022 - Aug 2022*

» Outstanding teaching feedback across all teaching terms in 2022 (4.9/5), 2021 (4.9/5), Sep 2020 (4.9/5), Jan 2020 (4.8/5), and 2019 (4.8/5)

» Selected student feedback:

"The constant feedback was very helpful in constructing our survey. Constantly asking us questions to challenge ourselves was very thought-provoking. Allowing us to challenge the answers made the class discussion more lively and more interactive as well as it made us more analytical."

"An excellent prof that can relate to students and thinks in the perspectives of students. He ensures that the learning outcomes are achieved through the project. He is always on call to help students with what ever questions they may have. Being one of the few profs that offer their telegram contact for easy communication that is very much needed for the project requirement."

## 02.230HT HEALTH COMMUNICATION AND BEHAVIOR CHANGE

*Jan 2019 - May 2019 | Jan 2020 - May 2020 | Jan 2021 - May 2021*

» Outstanding teaching feedback across all teaching terms in 2021 (4.9/5), 2020 (4.9/5), and 2019 (4.9/5)

» Selected student feedback:

"Instructor is very approachable and goes out of his way to expose students to diverse range of learning materials as seen in the additional resources he incorporated in his lecture and cohort in the form of short clips of campaigns/advertisements, both in the local and global context. I am proud to say that the instructor has nurtured my interests in this field of social science and he is truly inspirational to many of his students."

"Best prof ever!! Fun and interacts well with students. Teaches content in a way that is interesting and very easy to understand. Teaching inspires students to know more about this field and increases their passion for the subject. Evidence being that I often discuss its content in causal conversation with my friend, and even other friends who do not take this course."

## 02.003 THEORIZING SOCIETY, THE SELF, AND CULTURE

*Sep 2020 - Dec 2020*

» Outstanding teaching feedback (4.9/5)

» Selected student feedback:

"He is very engaging during lessons and allows students to speak freely in class on their thoughts which encourages students to become more involved and participative in class."

## Nanyang Technological University

### FUNDAMENTALS OF RESEARCH

*Jan 2017 - Jul 2017*

» Outstanding teaching feedback scores of 99 and 98.77, significantly higher than the mean teaching index score of 85.51 among tutors in WKWSCI

» Selected student feedback:

"I love Andrew! He is extremely helpful and is able to connect well with students. He has a firm grasp on concepts and help clarify questions really well. He facilitates tutorials well and engage us to think critically about certain questions on our own first, before helping/leading us to the eureka moment! I have been greatly blessed by Andrew. I don't think I'd grasp half of the course's content if not for him."

"Extremely clear and extremely patient with students. Went beyond class time to answer student queries. Most productive tutorial I've had in my first 4 semesters in NTU."

## Grants Awarded

**Youths and smartphones: Developing and testing a collaborative screenome classification system to understand digital media effects**

SUTD Kickstarter Initiative | 2022-2025

PI | SGD 288,280

**Videoconference Fatigue: Defining it, understanding its impact and assessing potential solutions**

Ministry of Education Academic Research Fund Tier 1 Grant | 2021 - 2024

Collaborator | SGD83,358

**Assessing and measuring the quality of screen time for 2- to 6-year-olds: A mixed-methods study**

National Institute of Education Office of Education Research Tier 2 Grant | 2021 - 2024

PI | SGD244,004

**EMBRACE: A system for real-time fall risk assessment, stratification, detection, and management**

SUTD Growth Plan Grant to Healthcare Sector | 2019 - 2022

Co-I | Total: SGD601,000 | Co-I Share: ~SGD60,000

**Parental communication and its influence on child eating behaviors: A qualitative and quantitative empirical study**

NTU WKWSCI 3K Grant | 2016 - 2018

PI | SGD3,000

## Invited Talks & Workshops

**Workshop Panel Speaker:** Searching for authenticity in our methods: The opportunities and issues in using novel mobile communication methods, ICA preconference workshop at Victoria College, Ontario (24 May 2023)

**Workshop Instructor:** Introduction to social science research methods, workshop organized by the Ministry of Education for the Humanities and Social Sciences Research Programme Students (4 Feb 2023 and 18 Feb 2023)

**Guest Lecture:** Youth and digital media: Exploring motivations and effects, for students of Hong Kong Baptist University (5 Jan 2023)

**Speaker:** Using screenomes to better understand smartphone and digital media use, seminar at KU Leuven, Belgium (28 Nov 2022)

**Speaker:** Using screenomes to better understand smartphone and digital media use, seminar at the Weizenbaum Institut, Berlin, Germany (23 Nov 2022)

**Speaker:** Youth and digital media: Exploring motivations and effects, seminar at imec-UGent-mict, Ghent University, Belgium (15 Nov 2022)

**Speaker:** It's Rarely About Screentime, parent's workshop organized by Learning Vision Singapore (20 Oct 2022)

**Speaker:** Screenlife Capture: An open-source tool for capturing screenome data through Android smartphones, at a webinar organized by the Raising Digital Youth Research Hub, an Australasian network of scholars (31 Aug 2022)

**Speaker:** Digital media use: How and why youths engage in media experiences, webinar organized by the Agency for Science, Technology, and Research, Singapore (14 Jul 2022)

**Speaker:** Children and digital Media, parent's workshop organized by Ai Tong School (23 June 2022)

**Guest Lecture:** Videogames: Why do people play them?, for students of 01.114 Instructional Design of Serious Games for Healthcare at Singapore University of Technology and Design (7 June 2022)

**Guest Lecture:** Nudging: *Should* we do it?, for Master of Architecture students at Singapore University of Technology and Design (20 May 2022)

**Speaker:** Learning during the pandemic and beyond: Perspectives from students at SUTD, for Anglo-Chinese School (Independent) Professional Learning Day (30 March 2022)

**Speaker:** Understanding technology and design through social scientific lenses, workshop as part of the SUTD x Armstrong 3D Printing Design Innovation Challenge (2 March 2022)

**Workshop Instructor:** Introduction to social science research methods, workshop organized by the Ministry of Education for the Humanities and Social Sciences Research Programme Students (16 February 2022)

**Speaker:** Navigating media for the young, parent's workshop organized by Learning Vision Singapore (27 September 2021)

**Panelist:** Raising children in digital age, dialogue session with Principal Matters, a leadership programme for preschool teachers (15 May 2021)

**Guest Lecture:** ScreenLife Capture: Studying life in media, for PhD students at Wee Kim Wee School of Communication and Information, Nanyang Technological University, Singapore (7 April 2021)

**Speaker:** Digital ready for the young, webinar organized by DadsforLife.sg, Centre for Fathering Singapore (10 March 2021)

**Guest Lecture:** Theorizing in social science research, for Master of Science in Security by Design students at Singapore University of Technology and Design (28 Jan 2021)

**Panelist:** Managing quality screen time for toddlers to teens through Covid-19 and beyond, webinar organized by the Humanities, Arts, and Social Sciences Department at the Singapore University of Technology and Design (16 May 2020)

**Guest Lecture:** Theorizing in social science research, for Master of Science in Security by Design students at Singapore University of Technology and Design (5 March 2020)
